Cosimo Zatti

London, UK | (+44) 7741 888485 | c.zatti@lse.ac.uk | LinkedIn | cosimozatti.github.io
Nationality: Italian | Languages: Italian (native), English (IELTS 8.0), French (B2), Spanish (B1)

Economist with development finance experience at the FAO Investment Centre, now mapping where DFIs invest in six African markets for an FCDO programme. Aiming to work in impact finance, helping institutions deliver on their mandates.

EDUCATION AND TRAINING

Dual Master's Degree: London School of Economics & Sciences Po **Sep 2025 – Jul 2027 (expected)**
MPA in Economic Policy (LSE) & Master in Public Policy (Sciences Po)

- **LSE**: Sustainable Finance and Impact Investing; Managerial Finance; Advanced Empirical Methods; Trade Policy and Development; Globalisation and Economic Policy; Economic Analysis, Narrative Development, and Political Feasibility
- **Sciences Po**: Policy Analysis and Policy Evaluation, Advanced; Public Economics; European Law; Health Economics/Law/Advocacy

University of Bologna, BSc in Economics, Politics and Social Sciences **Sep 2022 – Jul 2025**
110/110 *cum laude* (highest distinction) | GPA 29/30 and 11 credits above requirement | taught in English | Coursework: Econometrics; Data Science; Math; Micro/Macro/International/Political/Public Economics; Political Behavior

Training (FAO, 2026): Investment Project Formulation and Management | Partnerships with the EU: Agreement Templates

Summer schools: Sant'Anna School of Advanced Studies, Pisa, InnovAction in Health Care: Strategy, Performance and Data Management in Health Systems (Mar 2025) | H-FARM College, Roncade, agritech and EU climate policy (Jul 2024)

DEVELOPMENT FINANCE EXPERIENCE

FAO Investment Centre (CFI), Junior Economist Intern **Rome | May 2026 – Oct 2026**
East and Southern Africa Service: EIB-FAO Partnership and EU Global Gateway Initiative

- Assessed the credit process, environmental and social risk management and absorption capacity of the Somali Development and Reconstruction Bank, set to on-lend EUR 45m of EIB credit to agricultural SMEs, to design EUR 5m of technical assistance
- Screened the bank's loan portfolio against two EIB eligibility standards (Climate Action and Environmental Sustainability, Financing for Gender Equality) to identify qualifying exposures, and drafted the report's SME finance and gender sections
- Drafted parts of an agrifood screening toolkit for the EU Knowledge for Investment facility (in FAO clearance); along the Lobito Corridor it shortlisted three priority value chains
- Assessed financing mechanisms and institutional arrangements supporting agribusiness investment in Rwanda, identifying lessons relevant to Sierra Leone, including approaches involving financial institutions, risk-sharing instruments, investment funds and value-chain finance

Manufacturing Africa - Foreign Direct Investment, Capstone Consultant **London | Oct 2026 – Mar 2027**
Economic development programme funded by the UK Foreign, Commonwealth and Development Office (FCDO)

- Audited in Python a cross-DFI database of 16,154 transactions by 14 DFIs, flagging 80 duplicate rows and 195 programme ceilings booked as deals, which nearly halved the recorded volume (USD 979bn raw, USD 501bn treated)
- Found that of USD 14.0bn committed by 12 DFIs in MA's six priority markets (2015–2025), banks and other financial firms received 47% and manufacturing 18%, with five firms taking three quarters of the latter; built an interactive dashboard
- Identified a small-ticket gap: only 4 of 44 DFI manufacturing deals were under USD 5m, against a median of USD 12m for the deals MA closes (preliminary, pending hand-recoding of 198 deals)
- Drafted the terms of reference for three deliverables: an investor map testing each DFI's deals against its mandate, a screen of manufacturing subsectors by export competitiveness, and a tool matching MA's deals to the DFIs likely to fund them

HSBC Continental Europe, Green Finance Challenge (Sciences Po consulting project) **Paris | Nov 2025 – Feb 2026**

- Co-authored a benchmarking report on the EU climate-tech sector that mapped firms, investors and financing gaps, and assessed how InvestEU, the Innovation Fund and EIB and EIF blended finance de-risk first-of-a-kind industrial projects

European Investment Bank, Climate Survey Hackathon **Paris | Oct 2025**

- Cleaned and weighted the 2023 EIB Climate Survey (19,067 respondents, 27 EU Member States) in a five-person team, presented the findings to senior EIB experts and co-authored the analytical report the Bank published

RESEARCH EXPERIENCE

Paris School of Economics, Hospinnomics Chair, Research Assistant **Paris | Mar 2026 – Aug 2026**

- Appraised three French administrative microdatasets against a specified estimation and wrote the feasibility memos that set the estimation route of the ANR RESISTE project; co-designed its discrete choice experiment instrument
- Co-authoring a working paper from the project, in preparation for peer-reviewed submission

INAPP, National Institute for Public Policy Analysis, Research Intern **Rome | Jun 2024 – Sep 2024**

- Coded indexation and income protection clauses across 500+ Italian collective bargaining agreements into a comparable dataset for *Rapporto INAPP 2024*, Italy's annual labour market policy report

SKILLS, VOLUNTEERING AND INTERESTS

Software: Microsoft Excel and PowerPoint; Python (pandas, matplotlib), R (tidyverse), Stata, SQL

Impact and screening: multicriteria scoring with weighting sensitivity tests; climate and gender finance eligibility screening; review of a lender's credit and E&S procedures; DiD, RDD, Synthetic Controls, Event studies

Volunteering: CISV International (UNESCO-affiliated), 2017–2025, leading a 40-member youth team in 2021–22 | European Solidarity Corps, Germany (2023)

Interests: Opinion writer, *Scomodo* (3 years) | Water polo at national level (6 years) | Cellist, Santa Cecilia youth orchestra (5 years)
